### You'll Look Like the Pros!

More and more schools are requesting entire court designs featuring wide outer boundary lines, solid keys, team letters and team logos, in order to make their court look like a Pro or NCAA court.

We are design professionals – our graphic artists can design a logo for your team or school, and also design and layout the entire court. We've seen a lot of different designs in our 60+ years of experience. We know what gets that team spirit going, and we work with you to create the court of your dreams.

### Our Competitive Edge Supports Yours.

Tacinelli employs talented artists using best practices to paint the design of your choice on your gymnasium floor. With our state-of-the-art technology, we turn your entire logo into a system of removable templates that precisely duplicate every element in your logo. Then, our professional artists apply only the highest-quality, perfectly matched paint to ensure that your logo, court lines and letters are a permanent fixture on your court, for the most professional look.

To ensure performance after your lines and/or logos are complete, they need to be coated. Tacinelli offers gym maintenance services,

which include yearly top coats of finish. We only use Green-Certified or VOC-compliant finishes, to enhance the look of your floor while keeping you in strict compliance with your state and local VOC laws.

Make your gym look like new again. Call about our yearly maintenance contract, which saves you money in the long run.

**Need a volleyball court, badminton or pickle-ball court?** It's as easy as 1-2-3. We can even supply and install the netting and equipment.

### Our Team and Yours

You have virtually unlimited design choices, whether your own artwork is provided or we design or enhance it for you. We can take your file (email is fast and convenient) and enlarge it as needed, for a sharp, accurate logo with no guesswork or trial and error. If we design or enhance your logo, you will see the final artwork and approve it before any work is begun.

The Tacinelli team is your total court lines and logo solution. It's a winning combination: our professional team, our state-of-the-art technology, and of course, you. We get the job done on time and on budget. Lots of companies say it, but our customers say it best.

"Charlie,  
The floor looks great! Everyone raves about the job you and your staff did."
